We are one of the leading criminal law firms in Worcestershire. We know how important your driving licence can be – for business or family reasons.

Because we understand; we can help. Our skilled Advocates have many years experience of the Courts in Worcestershire and further afield.

We can offer daily attendance at the Magistrates Courts in Worcester and elsewhere if need be.

Our understanding of the legal process and our awareness of your concerns mean that we can give you the best opportunity of keeping your licence and being able to continue driving. How do we do this?

- By listening to you. Only you can say what happened and how a disqualification can affect you.
- By advising you of how best to present your case. If you have a legal defence it may be possible to avoid a ban or penalty points altogether. If not, then a ban may be avoided in some cases on the basis of “special reasons” or “exceptional hardship”.
- By expert representation in Court. All our Advocates are specialist solicitors with many years experience in Criminal Courts.
- By offering value for money. Can you put a price on your driving licence? Thursfields can – by offering you a fixed price fee for representing you. See details below.

As a guide our standard fees (to include a “consultation” with you on the telephone or in the office and representation at Court on one occasion) are:

Speeding / Excess Alcohol Matters:

- Guilty plea and mitigation at Worcester Magistrates’ Court £350 + VAT -.
- One hearing at Worcester Magistrates’ Court for “exceptional hardship” - £500 plus VAT.
- Elsewhere – fees as above *plus travel costs to be advised.*
- Trial (Not Guilty plea) – quote can be provided on application.
